Review of Achievement Standards

NCEA Level 1 Phase 2 Materials

The below resources are published on the [NCEA.Education](https://www.ncea.education.govt.nz/) website

Learning Matrix

Identifies and describes the significant learning of a subject that can be used to develop a robust teaching and learning programme

Teaching, Learning and Assessment Guide

Provides the overarching framework and structure to the assessment package, detailing the links between the NZC and assessment at NCEA level

3 Course Outlines

Provides three examples of how significant learning can inform a year of teaching and learning. At least one of these course outlines has a specific focus on mātauranga Māori

Assessment Matrix

Identifies the significant learning that will be assessed and credentialed at each NCEA level

4 Achievement Standards

Describes what a student needs to know or be able to do in order to gain credits towards certification

6 Internal Assessment Activities

Provides six examples of how a standard might be used in the classroom with support materials including assessment schedules

Conditions of Assessment

Guidelines for assessing internal standards, including conditions for gathering evidence and authenticity requirements
